

Healing Inside & Out: MA Tobacco-Free Hospitals

Honor Roll

The Honor Roll recognizes member hospitals (more than 76%), including all their campuses, as well as certain other affiliated healthcare providers, that self-reported having fully achieved tobacco-free status, which means the grounds are completely tobacco-free, including parking lots and garages, there are absolutely no exceptions. Tobacco-Free Hospitals have policies which eliminate employee, patient and visitor exposure to tobacco smoke and assist employees and patients to quit smoking.

Tobacco-Free Hiring

Some hospitals and health systems in Massachusetts have taken their commitment to public health a step beyond instituting a tobacco-free campus and have adopted tobacco-free hiring policies as well. The Massachusetts Hospital Association stopped hiring tobacco users as of January 1st, 2011.

The following hospitals in Massachusetts no longer hire tobacco users:

Anna Jaques Hospital

Heywood Hospital

MetroWest Medical Center

New England Baptist Hospital

Saint Vincent Hospital
